- Kasper Nyman

The Mono series is an example of the drive for challenging design combined with a clean and simple expression. With clear aesthetics and an innovative spirit in mind, Kasper Nyman designed the Mono series. Designed from the idea of folding wood like a piece of paper into a cone shape, which challenges traditional thinking and production.

Kasper Nyman's work with natural wooden materials and simple aesthetics recur in the Pause series and the Tail Wing hooks. With the choice of colour, soft shapes and elegant lines, his range of products carry on the modern Scandinavian design tradition.

DESIGNER PORTRÆT

Kasper Nyman er en dynamisk designer fra Finland. Efter at have afsluttet sin kandidat fra Aalto Universitet i møbeldesign, 2014, besluttede han sig for at udleve sin store passion for møbeldesign ved at etablere sit eget designstudio, Office KN, i Helsinki, Finland. Lige siden begyndelsen har Kasper Nyman delt sin dedikation til design med WOOD.

Når han designer, er det ud fra en klar idé med en stor opmærksomhed på at tilføre produktet identitet, funktionalitet og kvalitet - og ikke mindst materialet.

"Jeg stræber efter at udfordre mig selv og materialernes anvendelsesmuligheder for at designe produkter, der udstråler en visuel, skandinavisk simplicitet"

- Kasper Nyman

Mono-serien er et eksempel på hans drivkraft for udfordrende design kombineret med et rent og simpelt udtryk. Med klar æstetik og innovation i tankerne designede Kasper Nyman Mono-serien ud fra en original idé om at folde træ som et stykke papir til en kegleform.

Kasper Nymans arbejde med naturlige træmaterialer og enkel æstetik går igen i Pause-serien og Tail Wing knagerne. Med sit valg af afdæmpede farver, bløde former og elegante linjer viderefører hans produktsortiment den moderne skandinaviske designtradition.
