

2011

A hanging bookcase made of wood fibreboards, with matt lacquer (micro-goffered) white, orange, sand and green.

Uprights and shelves in thickness 6mm; back made from white melamine-coated board.

By flanking or by designing your own from scratch, you can create large-sized configurations of great impact.

**Dims**

Height 96, length 81.6, depth 20cm.

The single unit can be turned upside down.
