

CORKY FAMILY

FURNITURE / LIGHTING / ACCESSORIES

PRODUCT FACT SHEET

ANDREAS ENGESVIK ON THE DESIGN "The shape of the Corky Carafe is inspired by the archetypical bottle. It is a straightforward combination of glass and cork that functions equally well as a wine carafe, a water jug or even a milk bottle. Corky has a simple and familiar form but with a characteristic and oversized detail. The Corky drinking glasses are small and light companions for the Corky carafe. With a low-key and light expression, they are suited for both everyday use and special occasions with friends and family."

PROCESS

Corky carafe and drinking glasses are mouth-blown and hand-polished. The stopper is made by CNC leathering, then hand-polished for 2 smooth finishing touch.
