Net Weight: 25,0 kg
Gross Weight: 27,0 kg

PACKAGING DIMENSIONS

Cooper Lounge Chair | Steel
W 72 cm | D 90 cm | H 77 cm

The Cooper Lounge Chair is, in many ways, a bridge between past and present, both in its form and expression. Its rounded shapes and clean lines take inspiration from old, classic cars, where two simple curves come together to create a strong, recognizable identity. The frame of the lounge chair is available in stainless steel or FSC-certified solid oak. As a natural extension of NORR11's design language, the Cooper Lounge Chair weaves together elements from different eras. Subtle references to the 70s and 80s give it a quiet familiarity. This interplay between past and present is a hallmark of NORR11, where designs merge from various time periods, design directions, and cultures to create something new.
